DOCUMENT RESUME

ED 441 331 EF 005 7^4

AUTHOR Lackney, Jeffery A.
TITLE Bibliography of Empirical Research Investigating the Relationship between the Physical Environment of Educational Settings and Educational Outcomes.
SPONS AGENCY Mississippi State Univ., Mississippi State. Educational Design Inst.
PUB DATE 1999-07-01
NOTE 9p.
AVAILABLE FROM For full text: http://www.edi.msstate.edu/bib.html.
PUB TYPE Reference Materials - Bibliographies (131)
EDRS PRICE MF01/PC01 Plus Postage.
DESCRIPTORS Bibliographies; *Educational Environment; *Educational Facilities; Elementary Secondary Education; *Outcomes of Education
IDENTIFIERS *Empirical Research

ABSTRACT

A bibliography is provided of research literature reviews and empirical research citations that address the effects of the educational facility's physical environment on educational outcomes. A total of 123 references are listed dating from 1964 through 1998. (GR)

Reproductions supplied by EDRS are the best that can be made
from the original document.
